MOTORCYCLE RIDER ALMOST INSTANTLY KILLED ON RIVER ROAD

Collision With Coal Truck Proves Fatal

Andrew Malley, aged 24, a well known young man of Donora, was almost instantly killed last night when a motorcycle which he was riding, collided with a coal truck on the new road leading from Donora to Monongahela City. Mr. Malley, James Bernardino and three other young men of Donora, attended the horse races in Monongahela yesterday, making the trip on their motorcycles and last evening decided to take a ride to Marianna before returning home. They were traveling at a rapid rate of speed on the river road when Malley who was in the lead, struck the truck and was thrown head first to the concrete road. The other cyclists rushed to his assistance and discovered that he was seriously injured. Dr. Hanlon was called and rendered first aid and ordered the victim removed to the Memorial hospital at Monongahela City. Death, however, occurred before the ambulance could reach the hospital, the young man having suffered a broken neck, a fractured skull and a broken arm in the collission. The deceased was single and made his home with his mother, Mrs. Peter Malley of 1113 Fifteenth street, Donora. Funeral services will be held Sunday with interment in the Donora cemetery.

Strike Good Well

Drillers at the Turkey Hollow Oil & Gas company's second well on the W. S. Martin lease, struck a big pocket of gas last evening at a depth of 1600 feet in the Big Injun sand. The drillers were forced to suspend operation owing to the heavy pressure, and it was with difficulty that it was gotten under control and finally turned into the lines of the Peoples Natural Gas company. The gas shot out of the hole at a terrific force when the drill had penetrated the Big Injun sand about five o'clock last evening, and was of such pressure that the noise could be heard for hundreds of yards in the vicinity. A force of workmen were hurried to the scene and worked until five o'clock this morning before it was finally turned into the company's lines, where it measured over 2,100,000 cubic feet.

Operations at the well have ceased and if the pressure holds out, the well will not be drilled any deeper, but if it should play out in a short time, drilling will continue until the Elizabeth sand is penetrated. The first well of the company which was brought in several months ago on the same lease with a million foot of gas into the Peoples Natural Gas company's lines.

Find Dead Body

County detectives and police in towns surrounding Pittsburgh were last night trying to identify the body of a man found in the Monongahela river near Port Perry yesterday. Letters in his pockets were addressed to E. J. Trenton, one being signed "Peggy," 3232 Orleans street." Another was addressed to Thomas Trenton, Monongahela, Pa.

The man, aged about 25, was well dressed. Absence of money in his pockets indicated foul play, police said. The body was found by Fred Leland, a riverman, who took it to a sand company office at Port Perry, where it remained until agents of the county morgue took it to Pittsburgh.

Surprise Shower

A very pleasant surprise shower was tendered Mrs. Leonard Morgan by a number of her girl friends last evening at the home of Miss Elizabeth Hiskey on Rostraver street. Early in the evening the young ladies kidnapped the bride from a theatre and tying her securely with several hundred yards of rope they marched her over the city and then to the Hiskey home where they showered her with beautiful and useful gifts and enjoyed a pleasant evening. A dainty lunch was served during the evening. Mrs Morgan before her marriage was Miss Marie Bumer.

Edward T. Edwards, manager of the Electric Steel company, of Latrobe, was the defendant in a suit instituted in the Blair county courts on Wednesday by the sister of his deceased wife, Miss Lynn Bailey. Miss Bailey asks $25,000 for alleged breach of promenise to marry her, upon the completion of her education at Wilson college. She was graduated from college last June.

Police Court News

Returning after an absence of six months, Marie Jordan, a colored lass, discovered that another occupied the affections of one who formerly showered her with gifts. She went to her old familiar haunts on Third street and sought admittance, but could find no welcome on the mat. Repeated knocking at the door failed to bring an answer and Marie then strained her vocal cords in calling for the keeper of the house, who appeared on the scene and demanded to know just what was wanted Marie stated that she only wanted to return to the fold, but was politely told that her ticket of admittance had expired, and her presence in the vicinity was not required. This caused a general howl of protest to be sent up by the woman in the case and an officeer appeared on the scene and arrested the woman, her companion and the man. At the hearing this morning, the matter was explained to His Honor who discharged the man and fined Marie $3.00 and costs.

William Adams, colored, arrested on a charge of drunkenness, admitted his guilt and paid a fine of $1.00 and costs. William stated that he was celebrating his wedding day, but when asked if he had the nuptial knot tied, he was unable to state, but thought that perhaps the bride-to-be had been left at the church. Two other colored men plead guilty to a charge of being drunk and paid fines of $1.00 and costs.

New Lodge Rooms

Members of Greensburg Council No. 1480, Knights of Columbus, opened their new lodge rooms in the old Sarver building on South Pennsylvania avenue, this week with a banquet and entertainment.

Speakers of the evening were: Past District Deputy John F. Ely, of Jeannette; Present District Deputy L. G. McSteen and Rev. Father Gilbert, O. S. B., pastor of St. Bruno's church of South Greensburg. An orchestra furnished music for the 125 members who were present. The rooms were prettily decorated in the lodge colors, blue and gold, and with fall flowers.

More than three months ago, the Greensburg organization took over their new rooms and since that time they have been remodeled and redecorated until the formal possession took place this week.

District Meeting

The Knights of the Golden Eagle of Westmoreland county will hold a district meeting in the Hall of Greensburg Castle this evening. All castles will be represented.

Grand Chief F. K. Lytle of Philadelphia, Grand Sir Herald J. W. Coetzer of Johnstown, D. G. Cox, W. V. Kerr of Irwin and other officials will be present. A very interesting and enjoyable season is assured and all Sir Knights of the Greensburg Castle are urged to attend. The session will be followed by a smoker and other features.

FATHER OF LITTLE GIRL MAKES SERIOUS CHARGE AGAINST 15 YEAR OLD BOY

Quite a bit of excitement was caused in the vicinity of Ninth street and Knox avenue about 10:30 this morning when an alarm was sounded that a young lad had enticed a little girl into the weeds at the foot of the steps on Ninth street. The police were notified and hurried to the scene where they found a crowd of men and women in an angry mood over the dastardly act. The little victim, Dorothy Frew, daughter of Mr. and Mrs Malcom Frew of Sixth street, identified Lewis Lombardi, a fifteen year old boy as the person who had attempted to entice the girl, and he was placed under arrest.

Residents on Ninth street stated that the little girl, who is five years of age, was walking down the steps when she was accosted by the lad who took hold of her arm. The child became frightened and started to cry and her screams attracted the residents of the neighborhood who sent in a call for the police. The boy was caught a short distance from the scene and placed in the patrol.

The prisoner was taken to the police station and after being lodged in a cell, stoutly denied his guilt. The father of the child stated that he would appear against him and bring charges

Fred Pope, the colored man arrested recently on a charge of enticing young girls into his cellar, was given a hearing before Squire J. B. White and held for court. Constable Plackinger, fearing that friends of the little girl might attempt violence to the prisoner, quietly slipped out of town with him during the night and lodged him in the county jail at Greensburg.

England in Fear of Revolution

(By United Press)

London, Oct. 15—English officials feared they faced revolution today under the guise of a coal strike.

With coal strike notices expiring tomorrow and strong evidence that a majority of miners are bent on walking out, redoubled efforts were made by the ministers of food and transportation to fortify the country against its severest strike test.

Apparently all efforts at settlement of the controversy had failed. Miners rejected every proposal submitted by Colliery-owners and the government.

Lloyd George told the miners' leaders that the government had made every proposal possible. The premier said that the people were fortified in a determination to endure the suffering bound to be inflicted upon England and Europe by the strike, by the fact that the mine leaders had approved the government's proposals, though the rank and file refused them.

New York, Oct. 15—The call for a British coal strike is a revolutionary move to overthrow parliamentary government. It will not succeed because Great Britain has never in the past accepted a dictator and shows no signs of wanting one now.

The head of the revolutionary movement and the man who wants the dictatorship is Robert Smillie, leader of the miners' federation. He is not a soviet Bolshevik but he is working for the rule of the proletariat. He desires to pull down Great Britain's governmental structure as the only way of bringing about working class control.

Smillie has been agitating for a coal strike for many months. He expects to bring all industry to a standstill by shutting off power through the stoppage of fuel supplies. Then he believes the government will have to abdicate. If power were cut off in London, for instance, no newspaper would be able to operate on its own plant except the London Daily Telegraph. That is because the Telegraph has a steam plant and enough coal to keep it going while the other papers are operated by electricity from public stations. If the strike were carried to the extreme, it is probable the British government would present panic and disastrous rumors by using the moving picture theatres to put official news on the screens. This might be accomplished by generating on the premises the small amount of power used in the arc lights.

Smillie's demand for an increase in wages for the miners is coupled with a demand that the government reduce the price of coal to the consummers. He wants this accomplished without an increase in taxation. He desires the government to pay the bill which would be about $200,000,000 a year, withdrawing from Mesopotamia and using the money now being expended there to placate the miners and coal consumers.

This attempt to win the British middle class to the miners' side cannot succeed. It has been rejected by the consumers as the entering wedge of revolutionary rule. Smillie is destined to have trouble with his own followers, too. Many of them want more money but do not want revolution. They will resent becoming his dupes if the strike is prolonged. After that Smillie's overthrow might be brought about.

Sunday Movies

Harrisburg, Oct. 14—Pronounced opposition to any movement which would permit moving pictures on Sunday was manifested by the State Federation of Pennsylvania Women in the resolutions adopted at the convention today. Opposition was also voiced to any proposition for abolition of censorship, and the state's method of censoring pictures was commended by speakers.

The federation declared for an international movement for peace, but adopted a neutral attitude in regard to the League of Nations.

Committee to Arrange For Celebration

If plans now under way materialize, Monessen will have a big fantastic parade on Hallowe'en. The last night of October falling in Sunday would likely bring the celebration on Monday night, however the date of holding the parade will be discussed later. A start was made this morning to ascertain the sentiment among the business and local people and, if sufficient encouragement is given, plans will go forward for one of the biggest demonstrations of its kind ever held here. Monessen has had some good fantastic parades, but if this one is pulled off, it will exceed all others. Prizes will be given for the best costumes and it is planned that hundreds will be attracted by the big parade which will be participated in by old and young, by local and out of town delegations and individuals. One object in holding a celebration of this kind is to interest the younger folks and direct their attention to not only a more interesting but more profitable way of celebrating the day. If the proper support can be obtained, the committee will go ahead and raise the necessary funds and officially announce the event.

The Mardi Gras if arranged will be the greatest event of its kind ever attempted in the valley and will be the only large celebration in the valley on that evening. Several bands will be secured to furnish music for the evening, and visiting delegations will be given the place of honor in the parade. Prizes will be given for the largest delegation as well as to individuals for their costumes.

Support Harding

(By United Press)

New York, Oct. 15—Republican national leaders were elated today over what they consider one of the most effective coups of the campaign—the statement of 31 prominent advocates of "international cooperation to promote peace," supporting Senator Harding for the presidency.

The fact that the statement was signed by Elihu Root, George W. Wickerham, and other prominent Republicans whose position hitherto has been regarded as at least lukewarm toward Harding emphasizes the importance of the statement as an effective campaign document, in the opinion of the Republican managers.

In the Democratic camp it was held that the Republicans had published the statement as a necessary offset against a recent declaration of other prominent Republicans of their intention to support Cox for the Presidency. Also it was regarded by them as a further illustration of the difficulty of understanding Harding's attitude on the League of Nations, inasmuch as Senators Borah and Johnson are supporting him for reasons exactly opposite to those ascribed by the "thirty-one."

New Movement

(By United Press)

Washington, Oct. 15—A new military movement, against soviet Russia has sprung up on the western Russian frontier, according to government advices today. It is reported as being carried on east of the present line of the Polish forces and is described as a "white Russian" or anti-Bolshevik movement.

The strength of these "white" forces is estimated at approximately 35,000 men on the southern, or Ukrainian front, and 5,000 on the northern front, to the east of Vilna.

Military officials here believe the movement is highly important in view of the possibility of it replacing the Polish campaign against soviet Russia due to stop when the armistice between Poland and Russia become effective on October 18.

The fighting of the "whites" is not expected to develop into a drive into Russia of any importance. It is, however, weakening the Bolshevik military power on the western front and prompting the Russian peasants and the Red troops to revolt, military men say.

The extent of the ability of the peasants to rise is in ratio also to the disloyalty of the Red soldiers. Risings of the peasants and desertions of the Red troops have occurred extensively in the Ukraine and to a small extent on the northern front, according to the official advices.

The Independent was in error yesterday in stating that the meeting of the Monongahela Chapter of the Daughters of the American Revolution would be held at California on October 15th. The date of the meeting is tomorrow, October 16th. The meeting will be called to order at 1:30 tomorrow afternoon in the Normal building at California.

Frank Craven Dead

Word was received here last night of the sudden death at Harrisburg of Hon. Frank Craven, for many years a resident of California, Pa., and at one time a member of the state legislature. Mr. Craven's death came suddenly and very unexpectedly while he was undergoing an operation in a hospital at Harrisburg. The remains were brought to California, where the funeral took place this afternoon.

Mr. Craven was well and favorably known, and was an active and agressive man. For a number of years he had been employed in the Auditor General's department at Harrisburg. He introduced the first local option bill in the state legislature, while a member of the house, and not only lost out on the bill, but his activities for dry legislation in the house, aroused united opposition of the wets and he was defeated for re-election.

For a number of years before going to Harrisburg, Mr. Craven served as a Stewart at the California Normal where his acquaintance extended to students all along the valley. The message of his death came as a shock to his friends and neighbors and all who knew him.

Game Tomorrow

Local foot ball fans will witness one of the best games of the season tomorrow afternoon when the Keystones of this city clash with the strong Boston Bull dogs on the local grounds. The visitors are big and fast and only recently held the Christy Park team of McKeesport to a scoreless tie. The Keystones booked the Christy Park team but at the last moment they cancelled and the Boston Bull Dogs were secured. The locals are practicing every evening realizing the importance of this contest and hope to bring the first victory of the season to the city tomorrow. They have played two games this season with the Brownsville American Legion team, but both ended in tie scores. The game tomorrow will start at three o'clock and will be in the hands of competent officials.

HARDING'S CREED

Long, long before Senator Harding thought of becoming a candidate for President, and indeed long before he had any notion that some day he might represent his State in the Senate, he wrote out a code of ethics for the reporters and editors of his newspaper. As reflecting the charcter of the man, it is worth producing here. As the guiding lights for those who produce the paper of which he is proprietor, he hung up this code of conduct:

Remember there are two sides to every question. Get them both.

Be truthful. Get the facts.

Mistakes are inevitable but strive for accuracy. I would rather have one story exactly right than a hundred half wrong.

Be decent, be fair, be generous.

Boost—don't knock.

There's good in everybody. Bring out the good in everybody and never needlessly hurt the feelings of anybody.

In reporting a political gathering, give the facts, tell the story as it is, not as you would like to have it. Treat all parties alike.

If there's any politics to be played, we will play it in our editorial columns.

Treat all religions matter reverently.

If it can possibly be avoided, never bring ignominy to an innocent man or child in telling of the mis deeds or misfortunes of a relative.

Don't wait to be asked, but do it without the asking, and, above all be clean and never let a dirty word or suggestive story get into type.

I want this paper so conducted that it can go into any home without destroying the innocence of any child.

As a man lives in private life, so, it is fair to assume, he will live as a public servant, and this country would be a better place indeed if the Harding creed should be hung over the desk of the executive in the White House, as it will be with the inauguration next March 4. A code of ethics that will keep a newspaper strong, clean, honest and fair will do the same for the nation, and Heaven knows how much we need the exercise of just such a set of rules in our national life today.

EGGS

Selected new laid, nearby Farm Eggs are now being received daily and in sufficient quantities to enable us to handle them in all our stores. Every egg is large, clean, full and perfect. As to freshness—the only way you could get them fresher would be to have chickens and take them out of your own coops. We especially recommend these Eggs for babies and invalids.

PRICES FALL

Not only in cheaper clothing but in the higher priced garments has there been a noticeable drop during the past few weeks and for this reason we are able to announce the savings in our better garments for women and children. At these reduced prices we are able to offer New Fall Suits as low as

$32.50 and up

A general reduction has been made in every Suit, Coat, Dress and Hat in our stock in conformity with the price cutting started by the manufacturers and wholesalers and we ask you to visit our establishment to become acquainted with the bargains we are offering.

Remember you will be able to purchase garments of the better class here at prices formerly prevailed for much cheaper garments. An inspection will prove out assertion.

THEY SAID I WAS TOO WEAK TO RECOVER, BUT HYPO-COD MADE ME WELL IN 30 DAYS

For Six Weeks Doctor Had No Hopes She Said---No Strength To Build Upon

SUFFERED FOR YEARS

"I suffered for several years from nervous breakdown and finally had got so low they told me I was so weak there was no strength left to work on and doctor had no hopes for six weeks. I grew steadily worse and I just breathed and that was all. Our druggist recommended Hypo-Cod so highly I decided to take it on a forlorn chance anyway.

"Before I had finished the first bottle I could feel a change coming over me. I started to get an appetite and feel a little stronger. I kept on taking it until three bottles were gone. I now do a great deal of work every day and feel fine. We live on a small farm and have cows, pigs and 65 little peeps, besides lots of chickens, and I tend to all of these besides helping in the garden and doing my own housework. I certainly think that is wonderful on three bottles of any tonic. Earle's Hypo-Cod is fine. My daughter was sick not long ago and she also took two bottles and is feeling as fine as ever today. I want everyone who is run down and tired out to try this wonderful medicine and get relief, declared Mrs. J. P. Butz, R. F. D., No. 2, Box 721, Latrobe, Pa.

Read what others say in following issues of this paper. Drop in at the drug store tonight and ask your druggist about it. Take home a bottle and see what an ideal tonic it is.

Earle's Hypo-Cod is sold here by all good druggists, and the leading druggists in all nearby towns.

Monroe Clothes
"New York *Styles* America" — Monroe *Clothes* New York"

We Sell the Clothes New York Men Wear

WOMEN look to Paris for style; men to New York. We want our men and young men to be as smartly dressed as any man on Broadway—so we sell Monroe Clothes.

In New York Monroe Clothes are bought more than any other kind—so it is self-evident that they represent what New York prefers in style.

Our Fall and Winter Monroe models offer splendid values. Every suit is silk sewn and all wool. Prices are lower than elsewhere for quality so high. Come in and see these garments—it costs nothing to look!

The Seal of Satisfaction

The Monroe Label guarantees you satisfaction and the price is set and fixed to [illegible]

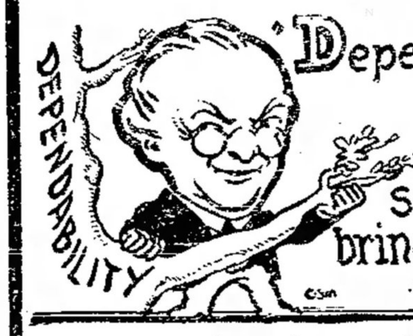
Homann's Shoe Craftsman



"Dependability" is the business slogan that brings us trade!

Folks have learned to associate the word "dependability" with this shoe store. Somehow or other the notion has got around among the townfolks that they can depend upon any purchase made here—all of which helps because it tends to increase business.
